

**CANDIDATE FOR CITY COUNCIL MEMBER
CITY OF YUCAIPA**

NAME: ALLAN DRUSYS

AGE: 57

OCCUPATION: Veterinarian

As your councilman, I have always fought to secure the ideals and values we share and should be represented in the city's affairs; as too often we have seen special interests try to dictate public policy.

Over the years I have:

Opposed the use of tax dollars to support development

Opposed development that is contrary to our rural, family oriented community

My public life has been dedicated to protecting your rights, the environment, and your hard earned tax dollars.

During my terms on the council, I have been:

- Instrumental in obtaining much needed road maintenance and improvement money
- Demanded a balanced city budget
- A champion of improvements In mobile home rent issues
- A leader in retaining CDF for Yucaipa

In the coming years our City will face many important challenges which will impact the quality of life in Yucaipa. My understanding of the issues and the sensitivity to the wishes of the residents will ensure the preservation of the community we all share. My campaigns are only financed by your contributions – I have steadfastly refused all “special interest money”
